WETASKIWIN 3-STRATHCONA 7

On Tuesday evening Strathcona fresh from a Camrose defeat, were ready to do all manner of things to the local boys, but Jupiter Plubius took a hand in the game and decided that it was better by far for the game not to take place. The Wetaskiwin management then persuaded the Strathcona bunch to remain over for a game on Wednesday. Again the rain could be seen to gather and the game was played in a light down fall of rain until the end of the first half of the fifth when, Wetaskiwin leading 5-3 the moisture came down in torrents and forced the players to shelter. It cleared off in a short time and the wet grounds turned an obnoxious good exhibition of ball into a farce at times. The local boys led all through the game and in the first half of the fifth "Mose" Silver did some awful things to the visitors. After the enforced rest Strathcona came back strong, and when they seemed to be having Mose's delivery, Capt. O'Keefe gave him a rest and substituted Mills. The latter proved an enigma to the Strathcona team and had the Indians give them getting seven strikes out in three innings. Fielding was loose at times and many costly mistakes occurred but the team from the north and a little the better of it in this respect.

DOMINION DAY SCORES

The following is the summary of the Camrose-Wetaskiwin league ball game, which was crowded out of last issue:

	Camrose	Wetaskiwin
Dahl 1b.	5 0 2 0 0 0 0 0	0 0 0 0 0 0 0 0
Parrell 3b	5 2 2 0 0 0 0 0	0 0 0 0 0 0 0 0
Gouche c	5 2 2 0 0 0 0 0	0 0 0 0 0 0 0 0
Nelson 2b	5 0 0 0 0 0 0 0	0 0 0 0 0 0 0 0
McLean ss	4 1 0 0 0 0 0 0	0 0 0 0 0 0 0 0
Taney rf	4 0 1 0 0 0 0 0	0 0 0 0 0 0 0 0
McClusker p	8 0 0 0 0 0 0 0	0 0 0 0 0 0 0 0
Aker lf	4 1 0 0 0 0 0 0	0 0 0 0 0 0 0 0
Pries	1 0 0 0 0 0 0 0	0 0 0 0 0 0 0 0
Duggan cf	3 0 1 0 0 0 0 0	0 0 0 0 0 0 0 0
Total	39 6 3 0 0 0 0 0	0 0 0 0 0 0 0 0

Score by innings: 1 2 3 4 5 6 7 8 9
Camrose 20 10 0 0 0 0 0 0 0
Wetaskiwin 0 4 1 0 0 0 0 0 0
Earned runs Camrose 4, Wetaskiwin 2.
Two base hits Dahl, Parrell, Gouche, Barrett, Martin; double plays Lopper to Martin; struck out by McClusker 11, by Mills 7.

CHURCH CHIMES

The Scandinavian Baptists of this city and vicinity have arranged a district conference to be held at 7:30 in Wetaskiwin, beginning Friday evening this week, and continuing over Saturday and Sunday. Questions of a very important character will be subject for consultation and discussion Saturday forenoon and afternoon. No one who has the work of God's Kingdom at heart should fail to attend these sessions. On Saturday evening at 7:30 a social program will be rendered, part of which will be an appropriate address by Prof. Lundquist of Brandon College, besides some fine selections of music, etc. Ice cream will also be served. The general missionary, F. Palmberg, will attend the conference and several other pastors and speakers from near and far. Meetings will be held all the day Sunday. All are welcome to attend any or all of these sessions.

A very inspiring conference has just been held in Camrose and these are to be followed by many more through out the country north and south. Pastor N.J.L. Bergen was appointed delegate to the general conference to be held in Vancouver, B. C., in October.

Capt. and Mrs. Linkin farewell here on Sunday next and leave for a holiday trip to the Coast. Their friends here wish them all prosperity in their new field.

Rev. Mr. Baker will speak on "Burying the Dead Behind You" in the English Baptist church next Sunday evening.

The Immanuel church Sabbath school has been closed for the summer months.

Rev. O. Satre of Crooked Lake conducted the services at the Lutheran church in Roseroll on Sunday, June 21st, and on the following Monday the congregation presented him with a handsome buggy as an acknowledgment of his faithful services as pastor of that church.

CITY NEWS

Miss Morson of the Alexandra school, staff, is visiting friends at Lacombe.

Miss Margaret Satre left Wetaskiwin on an extended visit to friends in St. Paul and other U. S. cities.

Mr. and Mrs. J. B. McCasara arrived in town Wednesday from their honeymoon trip to the Coast. Mrs. McCasara will spend a few days at her home here before leaving for Edmonton, where they will take up life's stern realities.

Frank Pike of Camrose, accompanied by his brother from Saskatchewan were visiting friends in the city this week.

T. W. Kerr, formerly of White Brush was renewing acquaintances in the city this week. He has just returned from a visit to old friends in Ontario and now says that Alberta is good enough for him.

The secretary of the Board of Trade James Bradley, who was appointed to look after Wetaskiwin's interests at the Dominion Fair, is doing a rushing business. The Wetaskiwin tent is situated near the main entrance of the fair grounds, and its dimensions are 14x24 with accommodation for about 30 people. Four large signs, "Wetaskiwin, the elevator city," the finest mixed farming districts in Alberta," are displayed. The tent serves as an information bureau and people keep dropping in to inquire about this fine district. He has already sent up several who are looking for homesteads and some mechanics wanting to locate in the city. To others he is supplying general information and giving out the booklet with the Wetaskiwin cuts. The specimens of grain on exhibition at the tent are greatly admired and speak well for our district, the rye being particularly fine.

The Settler Independent has issued a very creditable second anniversary illustrated edition. It strikingly presents the resources and possibilities of the rich agricultural district of which Wetaskiwin is the progressive wide awake hub.

The freight train out from Wetaskiwin Wednesday of last week was wrecked near Bitter Lake, by a car running of the track and brakeman Hegan, being thrown from the top of a car, received serious injuries. Two cars containing way freight were demolished and a third car damaged. Several rails and quite a number of ties were torn up so that clearing away the wreckage and making repairs delayed the regular passenger train about nine hours.

The southern boundary of the Russian Province of Tobolsk is on a line one hundred miles north of the latitude of Edmonton yet Tobolsk has a population of 1,500,000, with large exports of wheat and other grains and dairy products. Evidently there is room for several more big provinces north of the present surveyed area in the Canadian West.

Miss Flora Bowie, who has been teaching at Stratford, arrived home last week to spend the summer vacation.

The tender of W. H. Eggleston at 14c per yard for the excavation of the channel to divert the creek, has been accepted.

Miss Quarrie was visiting friends at Calgary during the past week.

A special train will leave Wetaskiwin on the morning of July 13th at 9 o'clock for Strathcona for the L. O. L. celebration. Round trip fare and a third.

Mr. and Mrs. O. H. Anderson left on Tuesday on an extended trip. They will visit friends in Minnesota and will then proceed to Europe where their daughter, Miss Hazel, will continue her musical studies. We join in wishing them a bon-voyage and a safe return.

Miss Maude Sinclair is home from Daysland for the holidays.

The new Brethren meeting house is completed and was opened for public worship this week. On Tuesday and Wednesday the conference for this district was held there and the house was crowded for all the sessions.

Miss McIlvory has left Compton & Montgomery's store and has gone home to Ponoma. Miss Shepherd, who has been supplying for Miss Christie in the office, will take Miss McIlvory's place permanently.

Public Health Notice

ATTENTION is drawn to the By-laws of the City of Wetaskiwin regulating the disposal of Manure, Garbage and other Filth in the yards and alleys within the City, viz:

No Manure, Garbage, or other Filth, of any kind, is allowed to be thrown or placed in any alley at any time, and no house tenant, or Livery Stable, is allowed to deposit, in or around their premises, at any time, more than two loads of Manure.

Notice is hereby given, that your yards and alleys, are to be placed in a sanitary condition, by Wednesday the 15th July, and any infringement of the by-laws hereafter will be dealt with to the full extent of the law.

SIGNED,
BOARD OF HEALTH.

Mrs. Wyld spent a few days at Calgary this week.

Misses Brown and Burger, of Edmonton, formerly teachers on the Alexandra staff, are visiting in the city.

Mr. Carruthers, principal of the Lacombe school, is presiding over the examinations at the Alexandra school here.

Lloyd Spencer and family moved yesterday from their cottage on Stanley street to the larger house next door.

Wm. Carruthers is building a very fine cottage on his lot on Albert street. When completed the teachers who have been keeping house in the Wigwam, expect to rent it for the ensuing year.

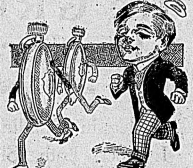

The Alberta Government has purchased the old telephone system in Strathcona from the city of Edmonton.

Miss Jenn Major, a teacher on the Alexandra staff, has accepted a school for the summer months a few miles out of Daysland. On August 24th she will resume duties here.

On Saturday the Alexandra school board received the resignation of Miss Annie Watson, this making the fourth resignation this summer. Miss Watson expects to take a country school near Daysland, beginning her work there August 1st. In the meantime she is spending a few days with Calgary friends.

Dr. Dixon's new residence on the corner of Alberta and Stanley streets presents a very handsome appearance. It is a large two-story building and the location is very fine.

"NOTICE TO FARMERS—Any farmer wishing our services this coming spring will do well to call on us early as we have a number of sales already listed for the month of March. We guarantee good judgment and satisfaction. Owen Bros., Box 175, Wetaskiwin. 42-116

COUNCIL PROCEEDINGS

An adjourned meeting of the council was held on Thursday evening, with all present except Mayor McKay and Ald. Montgomery.

It was moved by O'Brien-Anderson that the report of the public works committee be read and adopted, and that the contract be awarded to W. H. Kingston at 14¢ per cubic yard, carried unanimously.

Ald. O'Brien brought up the question of the epidemic of measles, and thought that there was considerable carelessness in the matter. After discussion, the police committee was instructed to have the constables go around at once, and if he finds any houses not quarantined to inform the occupants that the regulations must be strictly complied with, and that any infringement of the Provincial Health Act will be dealt with according to law.—Carried.

The matter of the fire bell was then taken up. It was moved by Gross-Kelley that a 26 inch fire bell at \$150.00 be ordered from the Waterloo Engine Co. of Winnipeg.—Carried.

O'Brien-Kelley-That 100 notices be printed containing extracts from the Provincial Health Act, and posted up in conspicuous places throughout the city.—Carried.

O'Brien-Gross-That Ald. Chandler be appointed acting mayor pending the release of the mayor from quarantine.—Carried.

Meeting adjourned.

The regular meeting of the city council was held on Tuesday evening, with all present except Mayor McKay and Ald. Gross.

Minutes of previous meeting read and adopted.

A letter was read from Mrs. Langston re cattle running over her garden. The matter was referred to the police committee to look into on motion of O'Brien-Montgomery.

A letter from the Mohona Bank, Calgary, re Parada & Thorold assignment was referred to the city solicitor.

A letter was read from G. Thorsen, street inspector, re noxious weeds growing in certain portions of the city. The matter was referred to the public works committee.

Mr. Dugan addressed the council on the matter of street grading near his residence. The matter was referred to the public works committee.

Ald. Montgomery introduced a motion to amend the Waterworks and Sewerage bylaw which was read the necessary three times and finally passed.

Ald. Montgomery introduced a motion to amend the Electric Light bylaw, which was read three times and finally passed.

A bylaw relating to the taxing of \$12,000 for the purpose of extending the electric light plant was read the second time.

O'Brien-Kelley-That the Indians from the Reserve be granted the use of the fair grounds for holding sports, etc., on Thursday, July 8th with the privilege of charging a small admission fee, such use of the grounds not to extend over 6 p. m. on the day mentioned and that no camping, dancing or rowdy shows be allowed.—Carried.

Ald. Kelley brought up the question of power house roof leaking. It was moved by Kelley-Montgomery-That the roof over the engines be covered with metal shingles, and that the public works committee be authorized to carry out this work at once, either by tender or day labor.—Carried.

A full report will be given at next meeting re the purchasing of a grading machine.

Kelley-Montgomery-That Mr. Neville be sent for to come up to stake out the creek and be given charge of the work on a ten per cent. basis.—Carried.

O'Brien-Kelley-That the council hears with regret that a report is in circulation that friction exists between the council and the Medical Health officer and that the council wishes to place on record that there is absolutely no grounds for the report in question.—Carried.

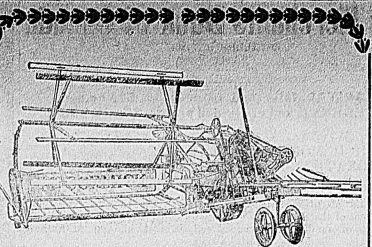

Montgomery-Kelley-That the public works committee be instructed to have the old safe taken out of the office and placed in the large hall down stairs.—Carried.

Montgomery-Kelley-That the public works committee go into the question of placing fair grounds and report at next meeting.—Carried.

Meeting adjourned.

THE RISE OF A BOY

This boy goes to his business, and at his business begins by simply doing the things he is told to do, and doing them in a common and ordinary way. If he stops here, he remains all his life a drudge. But if he begins to see that business is a greater instrument of benevolence than that we call benevolence, that trade is clothing thousands of men where charity clothes ten, that agricultural and mining industries are feeding thousands of men where charity feeds ten, if he begins to see how the whole history of the world is linked together, and he goes the way of building up humanity and serving humanity—as he gets this larger view, and gets into it life is enriched, and he comes himself the minister whereby love is enlarged and conscience is strengthened the school wherein he is educated out of the lower into the higher.

A full stock of McCormick Binders, 6 and 8 feet now on hand, also Mowers and Rakes. A car of Dominion Wagons will be in, in a day or two. These Wagons are built expressly for the International Harvester Co., built right and will be sold right.

Come and See Them.

J. J. RIX
Agent, Wetaskiwin

WETASKIWIN WELCOMES NEW ARRIVALS.

ARRIVALS.

Mr. S. P. Smetton and his son-in-law and daughter, Mr. and Mrs. Robertson, arrived on Tuesday from Jamaica to visit his son, the chief express clerk at the C.P.R. Mrs. Smetton and daughter, who remained in New York and other eastern points will arrive in about a month. Mr. Smetton has been Registrar General of Jamaica for 46 years and when he was here last year decided to retire on his pension, and spend the remainder of his days in Wetaskiwin. We join with the many friends in welcoming them to the Elevator City. Referring to Mr. Smetton's departure The Gleaner says: "Mr. S. P. Smetton, I.S.O., who retired from the Registrar Generalship on Tuesday last will leave Jamaica tomorrow morning on the Royal Mail Coy's steamer Thames en route for Canada. He will be accompanied by Mrs. Smetton and his son-in-law and daughter.

Entering the office of the Secretary of States for the Colonies in June, 1882, as an extra clerk, Mr. Smetton served at Downing street until 1870 when he was sent out to Jamaica as first class clerk in the Colonial Secretary's office. Eight years after he was made Registrar-General of births, deaths and marriages. Mr. Smetton's services as Registrar-General are too well recognized to be rehearsed. His annual reports were always looked forward to with keen interest as they contained valuable information.

In 1881 and 1882 he superintended the taking of the census of Jamaica.

Mr. Smetton was one of the first to come forward and join in the movement to form a Volunteer Corps in Jamaica and he served as Captain of Artillery both under the volunteer system and in the Militia. He was made a member of the Imperial Service Order in 1903.

During his 33 years' stay in Jamaica Mr. Smetton has taken much interest in the welfare of the people of this colony. He was one of the most courteous officials and always had a kind word for everyone.

A keen rifle shot, a good all round sportsman, his place will be hard to fill in our social life.

We wish him happiness and long life to enjoy his well earned rest and pension."

CORRESPONDENCE

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.)

To The Editor of The Times:

Sir,—On Monday last I backed my horse named "Garry Nation" to run against Mr. Bagleton's thoroughbred "Jolly Fellow" over the quarter mile course. Unfortunately having made a previous engagement I was unable to see the race. The horses ran and mine came in, I have been informed by several who saw the race, one length ahead of his competitor, but the judge gave his decision that it was a dead heat. However those who bet on Mr. Bagleton's horse paid up their bets to those who backed my horse, thereby endorsing their opinion that the judge's award was wrong. Afterwards when speaking to Mr. Bagleton he said that my horse came in first and should have been declared the winner, but he decided to abide the judge's award.

In the true interests of sport, and if Wetaskiwin hereafter desire to retain their name as "true sportsmen," would advise them to clear out their statutes and appoint other men to conduct their race meetings, as such flagrant breaches of fair play in the game cannot but bring them both discredit and ridicule, so that sportsmen throughout Alberta will consider Wetaskiwin a racing point to be avoided.

Yours truly,
A. Welich.

WETASKIWIN 7-CAMROSE 4

Wetaskiwin came, saw and conquered—so said a Camrose fan. But it was a hard up-hill battle. The locals went forth grim with determination to win and they did it after one of the most trying contests ever witnessed.

On the arrival of the team at Camrose the rain and wind resumed from immediately previous day. It rained. Supper was eaten at the Albion and during this time old Bob repeated of his meanness and six-a-four with reloaded energy and drive, by the ball-yard to such an extent that the Camrose management were enabled to "four" the lines and at 7.50 p. m. the game started with "Butt" Price handling the indicator. The least said about the latter personage the better. He did the best he could but his best was not even good. Silver again tossed for Wetaskiwin and pitched nice steady ball, pulling himself out of several tight holes in mastery style. He was ably supported by his team mates on the field and the way the locals clouted the ball when his meat runs gladdened the soul of "Moss". For the first five innings the score stood 1-1 and then the boys in white wielded the willow in dead earnest, scoring 4 runs in the first half of the sixth. Camrose tried hard to even up in their half but fell one short and in the seventh Wetaskiwin tallied two more, giving them a total of seven to Camrose's four. The game was called at the end of the seventh on account of darkness.

Wild Bill Barrett smashed the ball for a ringing three cacker, and O'Keefe and S. Murray aided the fire-works with a couple of two baggers.

The following is the score by innings:

Wetaskiwin	1	0	0	0	4	2-7
Camrose	1	0	0	0	3	0-4

Batteries: Wetaskiwin, Silver and O'Keefe; Camrose, Cusker and Gouchee.

Synopsis of Coal Mining Regulations

COAL mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the Northwest Territories and British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 1,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent or sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections and in unsurveyed territory the tract applied for shall be staked out.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of 10 per cent.

Every lease of coal mining rights which are not being operated shall furnish the district agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa or to any agent or sub-agent of Dominion Lands.

W. W. COY, Deputy Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.

Temperance Column

Edited by W. E. T. U.

WITHIN A YEAR.

Addressing a political meeting in Y.M.C.A. Hall, Toronto, last week Mr. Donald G. Hossack made a prediction. He said:

"I believe before a year is past, we before half a year, one of the parties and I don't care what it is, will take up the abolition of the bar, and it will be carried."

Nothing is so marked in our Western provinces as the attention paid to the educational institutions. In pushing over the Western country we see evidence of this on every hand. This promises great things for our future. We are building on the right foundation and realizing to the full the motto: "Nothing is accomplished where education is lacking."

If this is true of the Western provinces generally, it is characteristically true of Alberta and of the City of Wetaskiwin in particular. No other place has shown more energy or more zeal in placing first in the minds and hearts of the people the school, out of which will come the citizens, upon whom will depend the well-being, in time to come, of the city.

In Wetaskiwin there are two schools, the Roman Catholic Separate and the Alexandra Public and High school. The first is a large frame building of two rooms, a large of two very able and experienced teachers who take the work through the fifth standard. The latter is a fine brick building of three stories, splendidly equipped in the most modern manner. It was modelled after the best schools of our country in the east and in the west. There are eleven teachers on the staff. The Educational Board of the city are a very keen, prudent committee and have shown their qualities in their careful selection of teachers. In the High School the members of the staff are all Specialists in the departments and in the Public School the aim has been to secure assistants who have the very highest standing for that work.

The full curriculum of both Public and High school work is taught. The child can start at the age of four in the kindergarten and pass right up through all the standards to the second year of University work.

Pain, anywhere can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion, unobstructed blood pressure. Dr. Shoop's Pink Pain Tablets simply centres. These Tablets, known to druggists as Dr. Shoop's Headache Tablets, simply equalize the blood circulation and then pain always disappears in 30 minutes. 20 tablets 25c. Write Dr. Shoop, Racine, Wis. for a free packet. Sold by The Red Cross Drug Store.

Canadians Pictorial

The publishers of the "Canadian Pictorial," 142 St. Peter street, Montreal, have made extraordinary arrangements to make the July issue of this popular illustrated monthly as interesting to the thousands who visit Quebec as to those who cannot go. The cover is a magnificent portrayal of the Prince of Wales in the uniform of a vice-admiral. It is pronounced the best yet published in Canada. A special feature is a large map of the city of Quebec and environs, made especially for this occasion, showing the Plains of Abraham and indicating the relative positions of the opposing armies on this historic battlefield. The road with which it is proposed to encircle the new National Park is also shown. The publishers have been given access to the advance drawings for the pageants and they will be reproduced. It is announced that the August number will be filled with illustrations from actual photographs taken during the celebration itself so that the two numbers will be a binding as a souvenir of an event of national importance.

The associated boards of trade of Western Canada passed a resolution urging provincial governments to adopt a policy of railway extension.

Files are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a search box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful bleeding or itching piles, either external or internal. Large jar 50c. Sold by Red Cross Drug Store.

Writing in "The American Tissue" of the bar-room, Rev. William O'Brien Roman Catholic priest, says: "I have lived in this ward for sixteen years, and I can trace nine out of ten cases of squalor, destitution and vice to the presence of the neighborhood saloon. I have had boys and girls in my church, some of whom are now in the penitentiary and some in brothels, whose downfall can be traced directly to the neighborhood saloon."

BAR-ROOM DESTROYS HOMES.

Judge Ben. D. Lindsay, of Denver, Colorado, said recently: As judge I have faced the woes, trials, miseries, and broken homes of society caused by only the want of a proper solution of this "saloon" problem of problems. Thousands and thousands of homes have been broken up, caused by the traffic in intoxicants. I have devoured 4,000 people. I have tried no less than 6,000 children in the past six years. This lamentable social condition is traceable in large degree to the legalized saloon.—"Dial of Progress."

The next meeting of the W. O. T. U. will be held at the Baptist church, on Friday afternoon, July 10th, at 3.30 o'clock. A cordial invitation is given to all who are interested in temperance work.

The Following Articles Are Taken From The Pamphlet Recently Issued By The Wetaskiwin Board of Trade.

The Wetaskiwin District

The famous Wetaskiwin District, which comprises some 28,000 square miles of very fertile soil, is situated along the valley of the Battle River. It is the most attractive in the North West, the country having a Park like appearance and is rich in the crops. Topsoil and willow groves are interwoven with large tracts of prairie covered with luxuriant grasses and herbage ready to be used as pasture land, to furnish an abundant supply of hay for winter use or to be broken by the plough. Already in this district some 65,000 acres are in cultivation and the results obtained are eminently satisfactory indeed. All classes of cereals are grown and the country is rapidly changing to a thriving farming community. The surface is undulating and well drained by numerous streams. Lakes and inlets are scattered throughout the district, giving abundance of fresh water.

Speaking of this portion of the North West in his geological report of Northern Alberta Prof. Tyrrell says: "We have now reached the partly wooded country. The soil has become richer and deeper, and instead of the short buffalo grass of the plains the grass is longer and mixed with thick growth of vetch and pea-vine forming excellent pasture. This partly wooded country lying between the great plains to the south and the forests to the north has for many years attracted the favorable notice of travellers, and is even yet best known to many by the name 'Pettie Belt,' which was given to it by Dr. Heeter in 1861." Wetaskiwin is the centre of this district.

Prof. Macdonald in his report of this District says: "This tract is unsurpassed in the North West for its capacity to grow wheat, as the soil is rich, the surface is almost level and what slope there is inclines to the south."

The climate of the Wetaskiwin District is most delightful. A better average of temperature or more sunny days will seldom be found. There is no dust or wind storms, for, being situated on the outer zone of the "Chinook Belt," no reaction is felt.

The soil is a rich black loam with an average depth of two feet. The sub-soil is a dark brown clay many feet in depth. The rainy season occurs in June and July, leaving the remainder of the year free to do all classes of outdoor work, and even if the rainy season is short no damage can possibly come to the crops as there is sufficient moisture in the clay sub-soil to mature any crop. Grain can be threshed in the open field during the fall months. The winter months are clear and mild with an occasional colder period lasting only a few days.

Wheat, oats, barley and all kinds of cereals and vegetables and fruits grow in abundance. It is not uncommon to find yields of wheat running as high as 55 bushels to the acre and oats as high as 110, although the average is 40 for the former and 60 of the latter.

Horses, cattle, sheep and hogs are successfully raised upon the native grasses. Cattle are turned off the range direct to the English market.

Coal is abundant throughout the district. Wood to the west and along the courses of the rivers to the east is always at hand. Water is easily obtained. Plenty of game and fish of many kinds are found in all the lakes and rivers.

For further information apply to Secretary Board of Trade, Wetaskiwin, Alberta, Canada.

Educational

Nothing is so marked in our Western provinces as the attention paid to the educational institutions. In pushing over the Western country we see evidence of this on every hand. This promises great things for our future. We are building on the right foundation and realizing to the full the motto: "Nothing is accomplished where education is lacking."

If this is true of the Western provinces generally, it is characteristically true of Alberta and of the City of Wetaskiwin in particular. No other place has shown more energy or more zeal in placing first in the minds and hearts of the people the school, out of which will come the citizens, upon whom will depend the well-being, in time to come, of the city.

In Wetaskiwin there are two schools, the Roman Catholic Separate and the Alexandra Public and High school. The first is a large frame building of two rooms, a large of two very able and experienced teachers who take the work through the fifth standard. The latter is a fine brick building of three stories, splendidly equipped in the most modern manner. It was modelled after the best schools of our country in the east and in the west. There are eleven teachers on the staff. The Educational Board of the city are a very keen, prudent committee and have shown their qualities in their careful selection of teachers. In the High School the members of the staff are all Specialists in the departments and in the Public School the aim has been to secure assistants who have the very highest standing for that work.

The full curriculum of both Public and High school work is taught. The child can start at the age of four in the kindergarten and pass right up through all the standards to the second year of University work.

Pain, anywhere can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion, unobstructed blood pressure. Dr. Shoop's Pink Pain Tablets simply centres. These Tablets, known to druggists as Dr. Shoop's Headache Tablets, simply equalize the blood circulation and then pain always disappears in 30 minutes. 20 tablets 25c. Write Dr. Shoop, Racine, Wis. for a free packet. Sold by The Red Cross Drug Store.

Canadians Pictorial

The publishers of the "Canadian Pictorial," 142 St. Peter street, Montreal, have made extraordinary arrangements to make the July issue of this popular illustrated monthly as interesting to the thousands who visit Quebec as to those who cannot go. The cover is a magnificent portrayal of the Prince of Wales in the uniform of a vice-admiral. It is pronounced the best yet published in Canada. A special feature is a large map of the city of Quebec and environs, made especially for this occasion, showing the Plains of Abraham and indicating the relative positions of the opposing armies on this historic battlefield. The road with which it is proposed to encircle the new National Park is also shown. The publishers have been given access to the advance drawings for the pageants and they will be reproduced. It is announced that the August number will be filled with illustrations from actual photographs taken during the celebration itself so that the two numbers will be a binding as a souvenir of an event of national importance.

The associated boards of trade of Western Canada passed a resolution urging provincial governments to adopt a policy of railway extension.

Files are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a search box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful bleeding or itching piles, either external or internal. Large jar 50c. Sold by Red Cross Drug Store.

Writing in "The American Tissue" of the bar-room, Rev. William O'Brien Roman Catholic priest, says: "I have lived in this ward for sixteen years, and I can trace nine out of ten cases of squalor, destitution and vice to the presence of the neighborhood saloon. I have had boys and girls in my church, some of whom are now in the penitentiary and some in brothels, whose downfall can be traced directly to the neighborhood saloon."

BAR-ROOM DESTROYS HOMES.

Judge Ben. D. Lindsay, of Denver, Colorado, said recently: As judge I have faced the woes, trials, miseries, and broken homes of society caused by only the want of a proper solution of this "saloon" problem of problems. HIT BY LIGHTNING.

During the storm which passed over this section on Friday, towards evening, Carl G. Erickson, living some distance south of Dayland, narrowly escaped instant death. He has been somewhat unfortunate of late and had become rather discouraged and on that day had gone to Geo. V. Campbell's ranch, about twenty miles south of here, with the view of trading off his place and taking some horses on the deal. Mr. and Mrs. Campbell had rounded up a bunch of horses which Erickson was looking for, when the storm burst upon them and a bolt of lightning struck Erickson fairly on the head. The bolt seemed to divide one part passing down his spine, the other down his chest and boys nearby to the ankles. His horse was instantly killed.

All the horses seemed to go crazy. The "bunch" bolted as did also the horse Mrs. Campbell was riding. She was so dazed that she knew nothing for a few minutes, but evidently the fact that she had hold of the steel horns of the saddle with one hand, prevented her from falling and the horse soon returned with her to where the accident happened. During the short interval, Mr. Campbell, who is famous as an expert dresser, was having his own time with his horse, which was "bucking" furiously. His hand also appeared to be fast to the horn of the saddle and although the flash knocked his horse over, when it got up he raised with it, and after a very lively turn was able to bring the

beast under control. He found it necessary to assist Mrs. Campbell from the saddle, her hand having become rigid about the horn and she was also burned considerably about the limbs where they came nearest the saddle.

They supposed Erickson to be dead and started with him to the home of Behrman Bros. Signs of life were noticed and upon reaching the house he was subjected to vigorous rubbing and hot applications which seemed to partially revive him but he did not regain consciousness. As soon as possible help was procured and the boys all willingly responded to the call. It required several strong men to keep him under control. A four horse team was soon ready for a start to Dayland under the direction of Mr. Campbell. They were obliged to use a wagon and progress was slow, owing to the difficulty in controlling their patient, and the bad roads. The doctor soon overtook them and they had to stop their way for a mile and a half to the farm house of Mr. Welker, who hitched his team to a lighter rig and started out ahead with a light for their guidance. The strange cavalcade arrived in Dayland between three and four o'clock on Saturday morning and Erickson was taken to the Providence General Hospital and immediate attention given him.

Mr. Campbell was so exhausted that he had to seek medical aid himself and several of his helpers were nearly as much in need of it.

Gradually Erickson has returned to consciousness and seems to be steadily

improving, thanks to the promptness with which his friends got him to the hospital and the skillful and careful attention he has since received.—Press.

TEACH CHILDREN POLITENESS

Teach children to be polite. Teach them there is nothing but goodness of heart or so much durability as a pleasing deportment. They will lose the idea after a while that it is smart to be pert and boisterous, and take pride in being little ladies and gentlemen. Teach them to say "How do you do?" or "Good morning" to everybody with whom you are acquainted; never to contradict, whisper, hum, beat a tattoo with the fingers on the furniture, or loiter around in lounging attitudes in company; to say "Yes ma'am," and "No, sir," "Wait, ma'am?" "If you please," and "Excuse me," if it is necessary to pass before anyone, or to leave the table before the rest; and never to do any of the things for which it is necessary to ask to be excused unless it is absolutely unavoidable; not to toss things instead of handling them; not to listen to anything not intended for their ears, not to refuse to give the whole to a visitor when half will not do. A polite child is the best of companions, but a rude one is a troublesome nuisance and will find himself learning at 15 or 20 things which should have been taught him when a child.

Was Weak and Run Down WOULD VERY OFTEN FAINT AWAY

Mrs. J. H. Armstrong, Port Elmsley, Ont., tells of her experience with

HEART AND NERVE PILLS.

She writes: "It is with gratitude I tell how your Heart and Nerve Pills benefited me."

"I was very weak and run down, had headaches nearly every day and very often would faint away, in fact, my doctor said that sometimes I would never come out of the faint. It was through one of your invigilating agents that I was induced to try Milburn's Heart and Nerve Pills and after taking three boxes I am glad to relate it has been a number of years since I had a fainting spell and scarcely ever have a headache. Too much cannot be said in praise of Milburn's Heart and Nerve Pills, for in no other have effected a perfect cure."

Price 50 cents per box or 3 boxes for \$1.25, at all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

T. J. BARRETT

MANAGER

SEDGWICK

The first game in the Central Alberta Amateur League was played here on Wednesday evening, being postponed from Tuesday on account of the rain. It was a good, snappy game throughout and many good plays were made on both sides, the score, Dayland 6, Sedgewick 8, being no criterion of the game. The pitching of Jamieson was the feature of the evening, he pulling the team out of several tight places and succeeded in shutting out the visitors. Sedgewick has the best team on the line and with reasonable luck should land the pennant—a beautiful silver trophy donated by Mr. E. W. Day of Dayland. The Sedgewick team has played ten games this season and has not suffered defeat. O. L. Clarke handled the indication and gave perfect satisfaction. The following were the players and positions:

Dayland: c L. L. Baker, Smith, Jamieson, J. Johnson, 1b, Grey, Lattorelli, 2b, Smith, Lewis, 3b, Matchett, Archibald, ss, Coombes, R. Johnson, 1f, E. Deaton, Norris, cf, Wells, McLaughlin, rf, O. Wells. The officers for the ensuing term in Sedgewick Lodge No. 2, I. O. O. F., were installed on Wednesday evening by N. O. French, D.D.G.M., of Wetaskiwin. This lodge is in a very flourishing condition, having sixteen names to its membership since its institution on Feb. 12th last, and seven applications are now being considered. The following are the newly installed officers:

J. P. G. Bro. Ed. Jackson, N. G. Bro. H. S. Purvis, V. G. Bro. E. T. McIntyre, R. S. Bro. W. E. Jose, F. S. H. A. Draney, Treasurer, Bro. Hugh Grey, Warden, Bro. H. Hamilton, Conductor, Bro. Stapleton, R. S. N. G. R. A. Vincent, L. S. N. G. Lofe, J. G. Bro. Jackson, O. G. Bro. R. E. Frown, R. S. S. Bro. Geo. Arnott, L. S. S. J. Aitchison, Chaplain, Rev. Menzies.

ODD FELLOWS INSTALLATION.

The installation of officers in Wetaskiwin Lodge No. 1, I. O. O. F., took place on Monday evening last with P. G. Ellis D. D. G. M. in charge. The following are the officers for the ensuing term:

J. P. G. Bro. Jas. Scott, N. G. Bro. Geo. Macne, V. G. Bro. J. A. Kerr, R. S. A. B. Wayne, Fin-See, E. E. Chandler, Treasurer, E. T. Williamson, Warden, J. H. Robinson, Conductor, W. J. Stephenson, L. G. S. O. Andrews, O. G. W. P. Vanderburg, R. S. N. G. P. B. Kelley, L. S. N. G. G. H. Robinson, R. S. V. G. J. W. McKinley, L. S. V. G. W. H. Morris, R. S. S. O. Skow, L. S. S. W. Berry, Chaplain, Rev. McMillan.

Mr. and Mrs. Jones have recently arrived from England and have located in our city. Mrs. Jones is sewing with Mrs. Montgomery over Gayler's Drug Store, on Sunday she officiated as organist in the Methodist church and delighted the congregation.

A CHARMING WEDDING

The following from the St. Thomas Daily Times refers to a popular Wetaskiwinite: "A wedding of unusual interest to St. Thomas people was solemnized on Wednesday afternoon at half past two at the home of the bride's mother, Mrs. Martha Jones, in the presence of the immediate relatives and a few intimate friends, when Miss Jennie Beatrice Jones and Mr. C. H. Boyer, were made man and wife. The house was charmingly decorated with sprays of feathery aspidra and carnations, and the arch where the ceremony was performed was hung in similar, relieved by clusters of pink and white carnations. The bride couple entered unattended and were met by Rev. T. U. Richmond of Crystal who spoke the words uniting them for life. The bride was groomed in suit of a soft old ivory tulle, made over a chiffon slip. She carried cream roses. Following the ceremony and congratulations luncheon was served in the diningroom. Here as in the parlor, pink and white carnations were used effectively. The place cards were water color sketches of carnations. Mr. and Mrs. Boyer left in the evening, via Grafton, for Winnipeg and Calgary, where they will spend several days with friends, before proceeding to their home at Wetaskiwin, Alberta, where the groom is actively engaged in business. The bride's going away gown was a tailored suit of gray French chiffon serge with hat and gloves to match. Mrs. Boyer is a favorite in St. Thomas. She possesses many charms and accomplishments, chief of which is a beautiful soprano voice highly cultivated. Were she considered in no other way, the harmony of her songs and her sweet unaffected manner in singing would echo in many hearts. She will be missed in church and social circles, where she has ever given graciously of her talent. The young people were the recipients of many handsome gifts from their friends."

STAND UP FOR YOUR TOWN.

If you have made up your mind to live in a town then stand up for it, and if you know positively no good, then silence is golden. Do all you can to help along every man who is engaged in legitimate business. Do not send away for everything else you want and still expect the home men to keep a stock to suit the whim of one or two customers. The success of your fellow townsmen will be your success. No man liveth to himself and no man does business independently of his fellow business men. Take your home paper. Do not imagine the big dailies fill up all this space. There are many little crannies of a good cheer, social sunshine, personal mention, in the home paper that the big dailies do not print. Then do not abuse your neighbor. The main difference in the number of his faults and your own is that you see through a magnifying glass as a critic. The ill omened the croaker, who can do a town more harm in a minute than two good citizens can repair in a month.

PROGRESS OF PUBLIC WORKS IN ALBERTA

W. H. Cushing, minister of public works for Alberta, was in Winnipeg the other day and delivered himself to a reported of the Free Press as follows: "Mr. Cushing stated that he was in the city partly on public and partly on private business and that he would leave again for the west on Thursday night. Speaking of the progress of the public works now under construction in the west, Mr. Cushing said the cement work on the parliament buildings in Edmonton was complete and that the stone work had commenced. The interior work on the normal school in Calgary would be completed this month and everything would be in readiness for the opening in the fall. The stone work on the land titles building in Calgary would be finished this month and the entire structure would be completed before the end of the year. The new Wetaskiwin court house would be opened early next year. The contract for the construction of the new court house in Edmonton was to have been let this week and Mr. Cushing was of the opinion that this had been done. Work would be begun on the Lethbridge court house and gaol and on the asylum at Ponoka, but it was not expected that much progress could be made this year. Most of this work was being done by the province by day labor. A large organization was required to look after it properly, it was found to pay the province to do the work in this manner. The telephone system of the province was now under full operation by the government which has assumed control on April 1, and complete satisfaction was expressed in the province in reference to this matter. Winnipeg Free Press.

If you want a hospital in Wetaskiwin show it by liberal donations during this month, because the hospital board will decide in the first part of next month if they have sufficient funds to build or to leave Wetaskiwin and district without the much needed hospital. Those who have subscribed to the hospital can get the charter and bylaw at Asp Bros. store.

Geo. D. Wallace is having the exterior of his store building beautified by a coat of paint.

Remember the clearing auction sale of 70 head of horses and cattle on N. E. 1 26-47-24 on Tuesday, July 1st, at 11 o'clock.

Messrs. Duall & Waldruf are moving their seasonal parlors the first of the week, to the front of the premises first door west of Imperial Bank, which are now being attractively decorated and papered, preparatory to their occupancy.

During the storm on Tuesday evening last lightning entered the residence of Sheriff Dickson and did considerable damage. The children, who were watching the storm through the screen door, received a slight shock, but fortunately no serious harm was done. Many was badly burned upon the shoulder but has completely recovered. It is thought the current entered the house on the electric light wire as the transformer was completely demolished.

The epidemic of measles has assumed such proportions in this city that the council has taken the matter in hand and has decided to exact a fine of \$50 for every case of breaking the quarantine laws. Every day few families are in quarantine and the head of the family takes up his abode at the hotel.

Mrs. Moore, who has been visiting her sister Mrs. J. H. Martin, leaves today for her home in Brandon.

The work on the new court house is progressing splendidly. A large gang of men is employed and with favorable conditions the building should be completed before fall. It is indeed an imposing structure and its citizens may well be proud of such a building.

The members of Wetaskiwin L. O. L. will attend Divine Worship in the Imperial church next Sunday, when appropriate discourse will be delivered by Rev. W. V. McMillan.

A few years ago in one of our Eastern towns, a preacher had been telling some boys about the Bible lesson he was going to preach from on the following Sunday morning.

Well, there boys, like most other boys—full of mischief—the church some way, and finding the lesson, they tried to scatter the two consecutive leaves comprising the best part of the chapter.

On the following Sunday the old preacher got into the pulpit as usual, and opening up the Bible at the lesson began to read from the bottom of the page, as follows: "When Noah was one hundred and twelve years old, he took unto himself a wife, she was then turning over the page—no hundred and twenty cubits long, forty cubits wide, built of gopher wood, and lined with pitch inside and out."

Of course this was rather puzzling to the old man—and he read it again to verify it. Then said—Friends this is the first time I have ever noticed this in the Bible but we must accept it as an assertion that woman is not so fearfully and wonderfully made."

—J. M. McCowan.

NOTICE is hereby given that sealed tenders for the erection of a school house to be erected in the Wince school district No. 1285, will be received by the secretary-treasurer up to August 1st. Tenders to be opened by the trustees of said district, and contract awarded on August 1st, 1908. Plans and specifications may be seen at the homes of G. Meen or H. A. Patrick—R. A. McNeil, Sec. Treasurer, Millet.
